

COMMUNION

Schools & Colleges

Leadership & Governance

This series of questions are specifically for those who work in the leadership of Schools & Colleges. We hope that, in conjunction with the Year of Communion document, they aid reflection on how our Schools & Colleges enter more fully into this important Diocesan Year and contribute to building the Kingdom of God in the Clifton Diocese.

1. How will the School community respond to our Clergy being less available to provide Chaplaincy support and the Sacraments to students and staff?
2. What needs to change in our community so that the visible and non-visible ethos of the school promotes a spirit of Communion?
3. How does our relationship with our parish reflect a mentality of scarcity or a mentality of abundance?
4. Working with our parish, deanery & partnership groups, how will we contribute to the building of the Kingdom of God, proclaiming the Good news and witnessing to a genuine spirituality of Communion?

COMMUNION
